Luxembourg is the only country that has consistently **respected the Maastricht criteria**

Budgetary Deficit < 3% of GDP

Source: 14th Update of the Luxembourg Stability and Growth Programme 2013-2016

Gross Public Debt < 60% of GDP

Source: 14th Update of the Luxembourg Stability and Growth Programme 2013-2016

Budgetary Balance, general government (as a percentage of GDP)

Source: European Economic Forecast, Spring 2013

Gross Public Debt, general government (as a percentage of GDP)

Source: European Economic Forecast, Spring 2013

Luxembourg's public debt is mainly composed of central government debt and local government debt.

On the asset side, the Grand-Duchy of Luxembourg holds **assets worth > 37.5% of GDP**, i.e. higher than the level of gross public debt.

Assets include:

- A **pension reserve of 27.5% of GDP** – in which social security payments surpluses are transferred to secure future payment obligations
- **Stakes in listed and non-listed companies** worth more than **10% of GDP**

Standard&Poor's	AAA	Stable outlook
Moody's	Aaa	Negative outlook
Fitch	AAA	Stable outlook

The rationale behind this strong AAA rating is:

Standard&Poor's

- High wealth levels, GDP per capita likely to exceed a forecast €86,000 in 2013
- A stable, predictable, and transparent political environment
- **A strong government balance sheet**

Outlook: Luxembourg's strong government balance sheet, wealthy population, and stable political environment should be sufficient to outweigh risks to its economy.

Moody's

- Large net financial assets and low levels of public debt
- Political stability and historically robust economic performance
- **Attractive business environment**

Outlook: negative outlook is part of a broader exercise reassessing the outlook on Aaa-rated member countries of the euro area in the context the sovereign crisis.

Fitch

- **Rich Economy, Strong Institutions**
- Strong Public Balance Sheet
- Large, Sound Financial Sector

Outlook: strong and stable institutions foster confidence in the sovereign's ability and willingness to honour its public debt commitments.

6: STRONG PRESENCE IN THE GLOBAL WORLD OF FINANCE

Luxembourg has **141 banks** from 26 countries, of which:

- 106 subsidiaries
- 35 branches

Total balance sheet of **EUR 750 bn** (16x GDP)

Of the 141 banks, only a handful have a domestic focus and are systemically relevant for the Luxembourg economy. Assets related to such domestic operations constitute only approximately 3x GDP

Private Banking sector: 19% are local clients, 25% of clients are from Belgium, France and Germany, 56% from other countries

Geographic Origin of Private Banking Clients

6: STRONG PRESENCE IN THE GLOBAL WORLD OF FINANCE

- Strong capitalization of Luxembourg-based banks
- Overall **solvency ratio of over 17% in 2012**, more than twice the legally required minimum of 8%.

Source: CSSF

6: STRONG PRESENCE IN THE GLOBAL WORLD OF FINANCE

- Luxembourg was the **first EU Member State to transpose the UCITS Directive in 1985**
- It has since developed into the number 1 investment fund centre in Europe by assets under management

Source: CSSF

International and diversified fund industry

- Nearly 4000 investment funds sold in over 70 countries
- Over 700 promoters of funds(i.e. institutions having launched funds, or initiators) originating from 60 countries
- 66 depositary banks and 139 (regulated) central administrations safeguarding respectively administering the assets in the funds

Luxembourg is furthermore one of the EU's major centres in the **Insurance and Reinsurance** industry

Source: CAA

- Prudential supervision of the financial sector by the Commission de Surveillance du Secteur Financier (CSSF)
- Participation in the prudential supervision of the financial sector and the exercise of the oversight of payment and settlement systems by the Banque centrale du Luxembourg (BcL)
- Insurance and Reinsurance industry supervised by the Commissariat Aux Assurances (CAA)
- **Internationally recognized financial supervision**
- Foreign banks based in Luxembourg are controlled not only by the Luxembourgish regulator but also by the banking supervisor of the home country of the mother company
- **Regular reviews of standards & practices at European and international level**

Highly regulated market

Distribution by geography

Deal summary

- After closely monitoring the market reaction to the downgrade by Fitch of Italy on Friday 8 March, the syndicate banks assessed investor sentiment as constructive and recommended that the Grand Duchy of Luxembourg go ahead with the transaction. The mandate for a new 15 year EUR benchmark bond was announced on Monday, 11 March.
- At the start of the next day, and after rapidly assessing market conditions, books officially opened at 10:45 CET with a price guidance set at “Mid Swaps + 8bps area”.
- Books steadily grew during the next hours and when final spread was set at “Mid Swaps + 8bps”, total demand grew above EUR 800m and this despite some intraday volatility in the EUR government bond market. In light of the contemplated issue amount of EUR 750m the books were closed at 2.30pm CET. The pricing level of this longer-dated transaction is a further testimony that fixed income investors value the intrinsic quality and stability an issuer such as the Grand Duchy of Luxembourg offers – enabling it to price its longest EUR government bond ever at a spread of only 29.8bp over Germany.
- In total, 73 investors participated in the transaction, highlighting the granularity of the investor demand. Investor demand was spread over 8 countries with a very strong support from Luxembourg domestic accounts who picked up 28% of the transaction, followed by Germany with 25%, France and Belgium respectively took up 11% and 8%.

Deal summary

- The mandated banks gauged investor sentiment for such a transaction and scouted likely timing and guidance at the open. Given the supportive market environment, it was decided to go ahead on this very day. Investor response was very brisk as soon as the mandate announcement hit the screens on Thursday March 8, 2012.
- After rapidly assessing market conditions, books were officially opened at 10:10 CET with an initial price thoughts of “Mid Swaps + 8 to 10bps”. The official price guidance was set a Mid Swaps +7bps area at 11:00 CET following the strong investor response. Books closed at 12:30 CET with a final orderbook size of EUR 2.6bn and 113 high quality accounts involved, allowing thus to set final terms for a EUR 1bn issue at MS + 6 bps, below the initial guidance, while giving care for potential after-market performance.
- The final spread and transaction size testify of the popularity of Luxembourg’s signature. The two previous transactions’ high performance undeniably helped to build a strong momentum enabling the Grand Duchy to successfully launch its third bond issue in an historically low absolute yield environment.
- In total, 113 investors participated in the transaction coming from 18 jurisdictions – illustrating the granular placement and broad appeal of this rare issuer. Luxembourg domestic accounts also strongly supported the deal accounting for 33% of the transaction.

Distribution by geography

Deal summary

- The mandated banks, sensing a turn in sentiment in the credit markets, gauged investor sentiment for such a transaction and scouted likely timing and guidance at the open. Investor response was very brisk as soon as the mandate announcement hit the screens at 11 AM CET, confirming the right choice of product to reopen a market, which while more balanced than in previous weeks, remains rather risk-wary, given ongoing uncertainties.
- After rapidly assessing market conditions, books were officially opened at 13:00 CET with a price guidance set at “Mid Swaps +20 area”. Over EUR 1.5 bn in orders were garnered by 14:30, breaching the EUR 2bn mark at 15:00 CET. Books closed at 15:30 with a final orderbook size of EUR 2.75bn and next to 120 high quality accounts involved, allowing thus to set final terms for a EUR 2bn issue at MS +18 bps, inside the initial guidance, while giving care for potential aftermarket performance.
- The final spread and transaction size testify to the huge popularity of Luxembourg’s signature, a rare credit that finally triggered renewed investor appetite for bestrated transactions and thus reopened the EUR market.
- In total, 115 investors participated in the transaction. Investor demand was spread over 15 countries with a very strong support from Luxembourg domestic accounts picking up 32% of the transaction.

This presentation has been prepared and presented by the Grand Duchy of Luxembourg acting through its Ministry of Finance (the “Issuer”) in connection with the proposed Offer (“the Offer”).

This document does not qualify as a prospectus within the meaning of Article 3 of the Directive 2003/71/EC nor within the meaning of Article 5 and following of the Luxembourg law in relation to prospectuses for securities (the “Luxembourg Prospectus Law”).

This document does not either qualify as a simplified prospectus within the meaning of Article 30 of the Luxembourg Prospectus Law.

The Bonds to be issued under the Offer will not be registered under the U.S. Securities Act of 1933 and are subject to U.S. tax law requirements. Subject to certain conditions, the Offer may not be available for offer, sale and/ or delivery within the United States or to U.S. persons.

This document and its contents have not been approved by the UK Financial Services Authority or an authorized person (as defined in the Financial Services and Markets Act 2000 (the “FSMA”) for distribution. The Issuance will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Bonds in, from or otherwise involving the United Kingdom. The Issuer will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Bonds in circumstances in which Section 21(1) of the FSMA does not apply to it.

Please be aware that this presentation has not been approved by the Luxembourg Financial Services Authority, the Commission de surveillance du secteur financier. Its content has not been independently verified and may be subject to revision and / or modification before closing. Any statements, projections and / or forecasts are not reliable guarantees for future performances. Each potential investor remains solely responsible for evaluating in the light of his own personal and financial circumstances the risks and benefits of investing in the Offer. The Offer may not be suitable for all investors. Each possible investor is invited to consult with its personal advisors on legal, tax and related matters concerning the Offer. This document does not constitute an investment advice. The final version of the terms and conditions as detailed in the Offer’s Prospectus shall prevail.

This document remains the property of the Issuer.
